INDEX BY BODY SYSTEM

BILIARY TRACT, LIVER, SPLEEN AND PANCREAS

Page

Diagnosis and grading of chronic pancreatitis by morphological criteria derived by ultrasound and pancreatography ... 43
Pre-operative and post-operative ultrasound evaluation of Budd Chiari syndrome due to coarctation of the inferior vena cava ... 154
Computed tomography of the normal pancreatic uncinate process ... 195
Fungal liver abscesses in acute leukaemia – a report of two cases ... 197
Uro-radiological manifestations of pancreatic carcinoma ... 281
Assessment of portal vein patency: comparison of arterial portography and ultrasound scanning ... 381
Ultrasound diagnosis of adenomyomatosis of the gallbladder: ultrasonic and pathological correlation ... 402
The role of ultrasound scanning in management after liver transplantation ... 507
Assessment of gall-bladder function by ultrasound: implications for dissolution therapy ... 511
Ultrasonographic features of hepatocellular pseudotumour in the cirrhotic liver ... 635

BONES AND JOINTS

Paget's disease of bone in South Africa ... 51
Musculoskeletal magnetic resonance imaging using inversion recovery pulse sequences at 0.08 T ... 412
Radiation-induced chondrocalcinosis of the knee articular cartilage ... 450
Radiology at your fingertips: lesions of the terminal phalanx ... 478
Fibrous dysplasia of the spine ... 523
Radiotherapy and the management of metastatic bone pain ... 547
Critical analysis of the use of skeletal surveys in patients with chronic renal failure ... 578
Magnetic resonance imaging of meniscal lesions of the knee ... 658
Radiological screening for atlanto-axial instability in Down's syndrome ... 661
The value of soft tissue signs in wrist trauma ... 664

BREAST

The accuracy of mammography alone and in combination with clinical examination and cytology in the detection of breast cancer ... 150
Factors associated with mammographic parenchymal patterns ... 252
The spontaneous disappearance of breast calcification ... 257
Benign chondrolipomatous tumour of the breast ... 328
The use of the pelvic radiograph alone to assess therapeutic response in bone metastases from breast cancer ... 583
The diagnosis by computed tomography of brachial plexus lesions following radiotherapy for carcinoma of the breast ... 602

THERAPY

Direct measurement of dose at depth in breast cancer using lithium fluoride ... 301
Sequential chemotherapy, surgery and radiotherapy in locally advanced breast cancer ... 442

CARDIOVASCULAR

Case report: a subclavian line complication: embolisation of an arteriovenous fistula ... 210
'Inflammatory' abdominal aortic aneurysms ... 247
Idiosyncratic reaction to intracoronary injection of non-ionic contrast media ... 396
Case report: aortic dissection: morphology and differential flow velocity patterns demonstrated by magnetic resonance imaging ... 458
The relationship between pulmonary artery pressure and pulmonary artery diameter in pulmonary hypertension ... 486

CENTRAL NERVOUS SYSTEM (INCLUDING SKULL AND SPINE)

Extradural metastases from paraganglionomas, report of two cases ... 65
Intravertebral vacuum phenomenon ... 69
Magnetic resonance imaging in acute head injury ... 131
Detection of basilar artery thrombosis by computed tomography ... 140
Lumbar lateral canal entrapment: clinical, radioculographic and computed tomographic findings ... 144
Case report: intradiploic leptomeningeal cyst of the frontal bone occurring as a complication of head injury in an adult ... 214
The predictive value of computed tomography and *Haemophilus influenzae* capsular antigen in subdural fluid collections ... 265
Bone scintigraphy in the assessment of spondylolysis in patients attending a sports clinic ... 269
Case report: magnetic resonance imaging of a colloid cyst of the third ventricle ... 308
Case report: plexiform trigeminal neurofibroma ... 313
The odontoid process in children – is it hypoplastic? ... 391
Sacral arachnoid diverticula ... 394
The petrous temporal bone and deafness in X-linked hypophosphatemic osteomalacia ... 528
Cysticercosis of the brain shown by magnetic resonance imaging ... 542
Chronic atlanto-axial dislocation with spontaneous bony fusion ... 555
Case report: spinal cord compression caused by dual pathology: a close shave with Ockham's razor ... 558
Anterior extrathecal ependymoma with systemic metasases – a case report and review of the literature ... 562
Ultrasound in the diagnosis and management of spinal and sacral tumours ... 646
Further technical development in magnetic resonance imaging of the brain in children ... 651

DIGESTIVE TRACT AND ABDOMEN

Barium enemas are a headache ... 5
Duodenal tuberculosis ... 159
The effect of cisplatin on renal function in patients with testicular tumours ... 190
Case report: Hodgkin's disease involving the large bowel ... 193
Graft versus host disease: findings on plain abdominal radiography ... 262
Case report: radiographic and ultrasound appearances of an intramural haematoma of the pylorus ... 316
Case report: metastatic adenocarcinoma masquerading as a psoas abscess ... 319

Page

Case report: metastatic teratoma associated with an intra-abdominal abscess ... 321
The abdominal manifestations of von Hippel-Lindau disease and a radiological screening protocol for an affected family ... 363
Colorectal polyps: a correlation of radiological and pathological findings ... 407
The small bowel enema in the patient with an ileostomy ... 418
Case report: floating faeces in steatorrhoea – a new sign ... 454
Two cases of primary malignant melanoma of the oesophagus ... 455
Oesophageal haematoma: report of three cases ... 462
Ultrasound detection of oesophageal varices – comparison with endoscopy ... 513
The value of a barium enema in the investigation of patients with rectal carcinoma ... 531
Filiform polyposis in tuberculosis of the colon ... 534
Modifications to the gas-enhanced small bowel barium follow through using gastrografin and compression ... 537
Spontaneous intramural oesophageal haematoma ... 628
Lymphoma of the small intestine: radiological appearances ... 639

THERAPY

Radioactive needle implants in the treatment of anorectal cancer ... 186
Preservation of intestinal integrity during radiotherapy using live *Lactobacillus acidophilus* cultures ... 435
Gastroduodenal morbidity of para-aortic and iliac lymph node irradiation using a single anterior 16 MV X-ray field ... 438

EAR, NOSE, THROAT, MOUTH AND EYES

Atypical simple bone cysts of the jaw I: recurrent lesions ... 53
Atypical simple bone cysts II. A possible association with benign fibre-osseous (cemental) lesions of the jaws ... 59
Temporomandibular joint arthrography: dynamic study by videorecording ... 73
Glomus jugulare tumours seen in Oxford 1960–1984 ... 83
Vocal quality 10 years after radiotherapy for early glottic cancer ... 295
Response rates and survival in patients with head and neck cancer treated with a combination of cisplatin and 5-fluorouracil prior to radiotherapy ... 551

EDITORIALS AND REVIEWS

Consent in diagnosis ... 1
Annotation: Towards the more effective use of diagnostic radiology: a review of the work of the Royal College of Radiologists Working Party on the more effective use of diagnostic radiology, 1976 to 1986 ... 3
Time for a new radiological unit of harm ... 105
Fetal abnormalities diagnosed from early pregnancy ... 106
Cancer: the consequences of cure ... 166
Generalists and specialists in radiology ... 219
Finding and dilating renal artery stenoses for hypertension ... 359
Myths and misconceptions in uroradiology ... 361
What use is barium? ... 469
Peripheral angioplasty – 10 years on ... 573
Continuing medical education and assessment of radiologists ... 575

ENDOCRINE SYSTEM

An unusual appearance of a left adrenal mass on computed tomography ... 99
Imaging neural crest tumours with ^{123}I-metaiodobenzylguanidine and X-ray computed tomography: a comparative study ... 502

HAEMOPOIETIC, LYMPHATIC, RETICULOENDOTHELIAL SYSTEMS

Nuclear magnetic resonance imaging of bone marrow in childhood leukaemia ... 77
Histiocytosis X mimicking recurrent malignant disease: a report of two cases ... 310
Case report: nodule sclerosing Hodgkin's disease in association with Gaucher's disease ... 326

THERAPY

Primary lymphoma of the central nervous system: experience at Addenbrooke's hospital, Cambridge ... 173
Low grade stage I and II non-Hodgkin's lymphoma: results of treatment and relapse pattern following therapy ... 287
Radiotherapy results in laparotomy-staged Hodgkin's disease ... 428

INTERVENTIONAL TECHNIQUES

Intraoperative transluminal balloon dilatation permits simpler safer reconstructive surgery ... 91
Case report: balloon catheter dilatation of an ileocolic stricture ... 202
Case report: direct percutaneous embolisation of a false aneurysm with steel coils ... 205
Balloon dilatation of upper gastrointestinal tract strictures ... 229
Massive pneumoperitoneum following laser therapy of inoperable oesophageal carcinoma ... 305
Ultrasound-guided fine-needle histological biopsies in the abdomen ... 377
Grading for angioplasty ... 516
Multiple cholesterol emboli syndrome complicating angiographic techniques ... 519

MISCELLANEOUS

Ultrasound scanning of post-operative wounds – the risks of cross-infection ... 245
Case report: the computed tomographic appearances of lymphangiectasia in the pelvis ... 560
The left ascending lumbar vein: a potential pitfall in CT diagnosis ... 565

THERAPY

Interstitial misonidazole: clinical experience in advanced mouth cancer ... 182
The effect of chlorhexidine and benzydamine mouthwashes on mucositis induced by therapeutic irradiation ... 291
The analysis of malignant tumours of uncertain origin with immunohistological techniques: clinical follow-up ... 432

PAEDIATRIC

	Page
Childhood diaphragmatic hernias presenting after the neonatal period	237
A protocol for the investigation of infants and children with urinary tract infections	278
The sonographic features and implications of fetal pleural effusions	398

REPRODUCTIVE SYSTEM

The role of abdominal computed tomography in the assessment of patients with malignant tumours of the cervix and body of the uterus	273
Case report: primary malignant melanoma of the uterine cervix	336
The value of computed tomography in the diagnosis of recurrent carcinoma of the cervix	496
The role of transvaginal ultrasound in the assessment of the female pelvis	669

THERAPY

The value of pre-operative intracavitary radiotherapy in patients treated by radical hysterectomy and pelvic lymphadenectomy for invasive carcinoma of the cervix	95
A report of late rectosigmoid morbidity in patients with advanced cancer of the cervix, treated by a six week pelvic brick technique	297

RESPIRATORY TRACT AND MEDIASTINUM

Scimitar etcetera – the dysmorphic right lung	11
The distribution of pulmonary shadowing in farmer's lung	21
Aerosol lung scintigraphy in the detection of bronchiectasis	29
The plain chest radiograph after acute smoke inhalation	33
The chest radiograph in brucellosis	39
Diagnostic imaging of post-irradiation changes in the chest	109
Radiologically guided percutaneous catheter drainage of empyemas	121
Case report: demonstration of a tracheal bronchus by computed tomography	208
Case report: a large soft-tissue chondroma arising from the posterior mediastinum	333
Relapsing polychondritis	386
Case report: anomalous systemic venous drainage occurring in association with the hypogenetic lung syndrome	446
The value of high definition, narrow section computed tomography in fibrosing alveolitis	589
Paediatric pulmonary nodules: a comparison of computed tomography, thoracotomy findings and histology	607
Quantification of right to left shunt through pulmonary arteriovenous malformations using $^{99}Tc^{m}$ albumin microspheres	611

THERAPY

An evaluation of the palliative role of radiotherapy in inoperable carcinoma of the bronchus	284

SKIN AND SOFT TISSUES

Computed tomography and ultrasound imaging of jumper's knee – patellar tendinitis	162
Case report: hypothenar hammer syndrome with embolic occlusion of digital arteries	324
Early myositis ossificans: a new echographic sign	586

TECHNIQUES, APPARATUS, CONTRAST MEDIA AND TRIALS

Digital radiography in an intensive care unit	127
Digital subtraction angiography – a critical analysis	474
Ventilatory function during urography: a comparison of iopamidol and sodium iothalamate	490
The anatomy and pathology of the brachial plexus as demonstrated by computed tomography	595

URINARY TRACT

A comparison of real-time ultrasonography with intravenous urography in the follow-up of patients with spinal cord injury	49
How accurate is the index finger? A comparison of digital and ultrasound examination of the prostatic nodule	87
The tooth-root sign: a characteristic appearance of distal ureteric calculi	212
Magnetic resonance imaging of renal transplants: its value in the differentiation of acute rejection and cyclosporin A nephrotoxicity	220
Bilateral ureteric carcinoma	330
Superior aspect of the perirenal space: anatomy and pathological correlation	368
Ultrasound changes in the transplant kidney	373
More medullary sponge variants	423
An unusual appearance of renal lymphoma	452
The investigation of painless haematuria – a comparison of intravenous urography and DMSA scintigraphy	494
Normal and near normal caliceal patterns in reflux nephropathy	615
Percutaneous drainage in emphysematous pyelonephritis – an alternative to major surgery	622
Renal angiography in potential living related donors in Iraq	625

Book reviews, 38, 42, 58, 64, 82, 90, 94, 119, 139, 158, 201, 204, 211, 228, 235, 244, 256, 261, 268, 277, 280, 294, 300, 307, 318, 323, 332, 338, 360, 367, 376, 385, 406, 411, 433, 437, 441, 451, 453, 457, 461, 473, 485, 489, 493, 501, 512, 515, 527, 533, 536, 541, 546, 554, 557, 574, 577, 585, 588, 594, 601, 610, 614, 619, 624, 627, 638, 650, 657, 660, 689

Obituaries, 7, 236, 426, 620

Abstracts, 339, 567, 673
